HANDOUT 10

Weekly Scoring Worksheet Using Total Points Equations (Week _____)

Total points equations are not used to compute points for kickers and defenses. Write the total points equation you are using in the box below. Then compute the points for each of your players. You can get the statistics you need to fill out this handout at www.fantasysportsmath.com.

Player	Computation	Points
QB		
RB1		
RB2		
WR1		
WR2		
WR3		
K		
Defense		
Total points for the week:
